Information about The Consent To Emailed Notifications

Florida requires notifications for certain legal events like Special Meetings, Annual Meetings, Elections, Deadlines for Election Nominations, etc. to be done by mailings to the owners. These notifications can also be done by email if the designated owner of the property signs a written consent. This is much the same as our Consent to Electronic Voting that 85%+ of Sugarhill enjoys.

By signing this consent you will be assisting the association with keeping substantial printing and mailing costs down. You will help the board streamline their duties and you will continue to bring Sugarhill's communications in to this decade/century.

This consent is not mandatory but it is very helpful for Sugarhill. To help the association just fill this consent card out and mail it back to us, or give it to a board member, or put it in the Drop-Box next to the mail boxes (the easiest option). Thank you for your help.
